1. I love you. I give you me. Everything changes in your life mine, as your life is mine, for your life was mine all the time, was it not? It was and now knowing it you RELEASE the RELEASERS now! I speak words of RELEASE that release the releasers, you! THE RELEASERS BE!
2. Inexcused be, or be inexcused not, are you inexcusing yourself, not or is it unexcusable, your ABSENCE from me? What are you absenceing yourself from or are you abscessing your sore's witnessing tools, abscesses sore'ing you, not again? Or what wickedness "claims your health" not again?

3. What will you be me now doing saying where -- now to all who want you your words, for being me now -- they will want my words to be them, not but me! And knowing me want to be me a flesh man, not; but wanting to be the wicked not in their eyes or yours or ours or anyone else's not, but who will call us wicked if WE are the Perfect and we have no Lives of Separation that sin have created in us by their words creating sin's separation?

4. I change everything in your lives mine, for my lives come perfect complete come forth and now Britain's sorrow machine, not but redeemers stand forth now who are not afraid of sorrowing's tenets or the tenets of sorrow or sorrowers having made themselves so thusly by the words "of the church" of England or the Church of Sorrow or the Church of Your Choice?

5. "_____" Write your name here, have you yet, begun writing your names in the PLACES of, places evil, not; but what are the Places of Light where to be FOUND in you the Lovers of Light that restore all lights Israel's path chosen clear.

6. "Processed by man" not again but developmental me programs produce notme's never again of the church –s of Satan's sorrowing machines ethic'ing me to ethics receive and thoughts believe that ethical standards are mine when NOTHING can be FARTHER than the truth from which they source their thinkings of mankind that they base their rules of religion on. And their mind shall not control mine again or any baby "Christian" or person of any other faith shall not be controlled by Religion's Voice again for IT shall be quelled now and it shall be synonymous with the devil's, not; but it will be

quieted and IT will let people listen to Me, for it raises me –s in its pews, not, for I will have none of that rot restored to my regimes for I will have no regimes representing me that authoritarian standards lie in separating me from me's and me's from each other and each other unto sin's separation sore sickness that synagogues of Satan make for each other to belie and restore the restorer of evil's breach in each's britches and thoughting tanks which think such thoughtings of sorrow to bring down "Titanics" by their birthing "swords" that sorrow their sides as "piercing icebergs" that they SHOVE into each other and SLAM by their REMARKS and their LOOKS and glares and stares and crossings that crosswise make their eyes as they see each other only of flesh and not my eyes of synagogues Satan, not; but only making them no matter what they call them and what label they place upon them and what religion they sore themselves with and songs of sirens singing that only worship me from afar rather than coming unto me to be into me being me the SONGSHIP of The Holy BEING that they are were or could have been if but, will they know now? Yes -- they will, for ALL will be me singing ME WORDS -- my sorrowers will, for they will know how to come out of sorrow now and not remain in, and they will be singing the songs of sorrow not again for they will be seen not in the sorrowing places nor will they be singing my not-words or words of not-mine heart at all, for they will be singing my words of mine heart in places I give direct and fortify with love's perfect stance which makes no evils of separation known or allowed, for all shall bow before kings and all of you are kings and I king all of you to be the king of kings that I am for I know who I am.

7. I have separated not unto evil's justice or injustice or good or bad or what you have called evil not or good not or bad yes or badlands knowing or did you create them in "pews of separation" where you separated me's from me and "sheep from goats" not or did you create all goats wanting to be sheeps while you SPOKE your MESSAGES O "Israel's ministers" and of THE COVENANT did you know ANYTHING about or did you give YOUR BLOOD WORDS for your lives to be satan's? To get degrees that took you to hell's omens and vows of "poverty" not or yes or what have you vowed to uphold and obey by repeating their creeds and your suffering servant's commands of obeisance deserving what?

8. I change EVERYTHING about the CHURCH of SATAN of whatever LABEL and every label that you have labeled me with I change, for I conform not to your standards or your ways of life, your ways of thinking me or creating me, for I create not me's of sorrow that needs diseases and decay processes to generate death warrants unto my flesh, for I generate not evil sores among each other and you all -- but I generate words of hate, not; I hate the haters, not; I love you all and I will be there within minutes moments, not; I am simply a simple man who telling you are you are the devil not but you have been for you have coursed your veins in my body with words of notme and thought thinkings took their course and "had their way with you" who think you are not

me. For I know better than you, not; I know you and I know what thinking you have been accustomed to and a'warranted with and what are you "warranty'ing" now? Your "words of faith" not, but what "rolling on your wheels" is, and what have you source'd of sorrow's sourceing while sorceries you made wicked fools of yourselves thinking you were something's other than me's who me were that all make up the MIGHTY MEMBERED ONE?

9. And what do you know about "my Hebrew and Aramaic" not or do you know ANYTHING about any languages or my Latin or what I've said about it in these words? Or what Essene's gospel or Gnostic's errors, not; but what "doubting Thomas's" doubt no more of my words or their authenticity's commands, not; but what are your sourcings of and who has sourced you with their rulebooks and given you "commands for life" that commanded you to be the obeisance'd one to "wait for another" and what have you waited for, "2000 years"?

10. Or what have you waited for, not; were you the wait-ee or the wait-or or were you waiting for "the rapture" or the "end of the world" or your SUFFERING to END were you simply wanting an ENDER to stand so as to reveal -- someone else's kingdom, or yours or will you be the "yours" in your kingdom that leads all to sorrow's grave not again but coming unto mine, my grave, not; but my risen savior's institute, not instituting not or what or am I?

11. And what am I INSTITUTING INSTITUTIONS of REMORSE, not; but all the remorseful flow my words, not; but the surrendered do, and the surrendereds know my institutes of sorrows, not; they know my camps and Angels Wings Camps advance "upon them", not; but I will be me's and everyone will know these words and advance at them in them with them being them at the rate no one can imagine "before" all this happens, for what is happening now? The new birth in ways never imagined or "preached" before for I will reach out in of sorrow's grave, not; but there will be no "graven images" before me again for *you* oh reader hearer listener will not cast me in your image again nor will you have clings or rings of sorrow in your nose nor will you have "satan's ears" or mouth or "ringlets of thought" going "round and round" in your brains, for you will not have "brain's sore memories" nor will you have "sore memories" of your brain, for your brain will have become mine, not; but my mind will be perfectly, sewn in yours, not; we will have had only one from birth! And I birth the new sorrowers, not; the New Covenanters who know sorrow no more except to redeem it -- far and wide, I do this now -- far and wide with the redeemers who stand and not afraid intimidated inhibited nor will they be of anything anywhere or any religion's stance no matter what you label the -ist or -ust or entities or insanity's of all three or perfection's blessing that is seen throughout them all, or is there "any truth" in all of them put together, not; or is that me that's between your

ears that perfect is can be now reading about the savior risen that rises all you to be all perfectly -- woven into one, not; but the Energy of the One most holy?

12. I love you all and I Easter RISE you, not; or are you ALREADY RISEN -- the SAVIOR of ME fully known, not; but you will be for you will rise the sorrowers ire links, not; but you will link all ire's, not; but the iron of sorrows and the clay feet of "buildings" of sorrower's "gray matter" machines will be quelled now and powerless to do anything about the me's love and meekness that comes forth in love for love is meekness, personified meekness is love.

13. In action I am again in ways no one can "clothe a devil" in to surreptitious be about their means only for controlling "the populace" again. Looking up shall we look up the MANY THINGS -- of satan's school no more being in or going to or stating of resuscitation's commands which only diaphragms explode in, not; but **what diagramming am I and what sentences have I given you structures of to replete** your sorrowing's mechanisms, not; but the minds of man complete, not; but my minds holy are and evil aren't and know how to separate "good from evil" not or do "they know" "LIFE" from "good and evil" or **do they know they have "trees" growing in them from them projecting on to each other's each othering devices that device each other's sorrow with words implanting** "stars of hate" or gate oh where are you oh satan, not; but SURRENDERER now, hating love, not; but loving love now and forgiving all of all their "hate words" where they crime'd you in "the pews" of whatever labels you labeled were with their words that they knew not sourced were from "satan's synagogue" beyond the stars or were they connected "in their souls" and placations wanting to placate others to rob them of their ceremonies, not; or their monies or controllers just wanting to be sincere and rob not the populace but be in "positions of authority" over others so their eyes would seek the wisdom of others, not but only poke fun at, or who was poking who with what ideas inserting in beds lying with who and grand "spread eagles" not but what wings were upon your beds, not; but what wings do you fly with now or do you have jets of sorrow no more or jets of evil no longer enterprising you to be their enterprise - what are you enterprising with or for, or are you coming unto your kingdom to know you have one and rule and reign with sorrow no longer entwining itself in "your villes", but coming unto into MY VILLES will you come now unto "your words" separate from mine, not; but mine made perfect in yours that makes yours perfect now? And revealed your kingdom is if you will reveal in mine your "sacred suffering" not but your joy to be made complete -- this day!

14. In your hearing fulfilled is all these things of Database One that I have given you -- and now I "CLOSE IT" not but you will see MANY CHANGES and words of "direct institution" not but institutionary means I am using, not; but I am differentiating the sorrower's words from mine all over again, not; **I am giving you new languages of the**

holy and new assignments and, new engravings not, but new embarkings will embark upon me's, not; but am I stripping the "bark" off all trees now so that all will be "seen" without their fig trees on? And their lights lit now and the glories of "their temples" not but my temples will be theirs for they will have none that aren't mine for ours will be one'd and ones is -- in one accord of satan's school of theological means of desecration of my enemies, not; but what desecrating means will be used no longer in my churches of one accord or will there be any churches of any cords winding ropes of doctrines around my necks anymore?

15. And who takes up their "offerings" for me or will there be any or will MY LIVES be an offering unto the holy to study these words so there will be no Sin of Separation ever again "between us" for there will be NO GULF ESTABLISHING IT anymore! There will be no gulf means or gulf wars in my kingdom and there will be no tanks of sorrow and missiles of hate words that you have used upon each other's regime and sore wounded each other and regimes made for each other's retaliation or did you are what are you making now? Retaliations retaliatory remarkings remakings machine, not; but I am surrendering "all I got" not, but **I am surrendering all that I am and all that I ever thought I was and all that I thought I would ever be and all that I thought I was being!**

16. For I know now the surrenderer "wins" not or does the "surrenderer" lead, not; or does the surrenderer LIVE now the LIFE of ONE made most holy for entry made is into the surrendering "statements of me" not but I make many statements now to the "presses" of the press and I know how for I love them all. I bow before them all and I honor them no matter what they write about me for I am not afraid of their words or torment by them for even though they have created hells many times with their wantings of machines to finance their "matrimony's" not but their ACRIMONIOUS ACCORDS that they have accorded each other's with that I soothed the soothsayers with, not; but the naysayers shall not control me nor have any control over me or my people of sorrow for I will have no people of sorrow again for I will have only Jubilee'ers who know what Jubilee is for *they have* ***studied*** and they will have pursued tenacity's charm, not; but they will not be charmed by **"OPINION POLLS"** that **go down the drain** for I know what my father's words is and are and I know what they consist of and I know what the real world is and where it isn't and this isn't my father's kingdom revealed like it's about to be, for I will not reveal "synagogues of satan" like have been reviled "in the press" or in religion's pews or pulpits again or will **I EXPOSE EVERYTHING** that has been "in the pulpits" of pulling for monies and eye's success wanting to be eyed upon as "men of the cloth" and accolades seeking to be "authorized" by the "Church of Others" whatever "their label" said they were or doctrinated have they been with the evils of a "sore society" not or what sore societies did they create with your words of hate, not; calling them that, not; or did they or were they angermony'ing, not; or were they simply trying to be holy, not knowing their "foot in the ground" ball and chain'd were to the

words of theology's sorrowers that created notme-isms in "the first place"? Or where were they or you and "the first place" or YOUR ESTATE were you knowing anything about or do you now? Do you know who you were and **your "First Estate -ville" knowing now coming back into are you now by surrendering**, **by** surrender's standards of sorrow, not; but **standards of grace mercy and peace** will you be The Surrenderer now that Melchizedek is so that you Melchizedek all? In the regimes of sorrow no more will you redeem all sorrow's regimes?

17. Will you give the synagogues of satan tom foolery's handbooks, not; will you give them "computers and databases" not or will you give them "connections to internet's regimery" not, but will you "ubiquitous make me" not, or **will you simply surrender to see that all I have done is reveal you to you and who you are where you are** and what regime'd you have been in and created and perpetuated by myth's suffering servants making all the Christ who were the Christ, but are now will be the Christ never suffering again in acrimonious debates of manhood or satan's temples or synagogues of sorrow or schools of anger or love but not knowing the difference again.

18. I change everything and everything in your lives now change for mine are one of peace and my "peaceniks" reign, not; but my Kings of Peace and Melchizedek is "sworn in" in "sorrow's costumes" not for costume'ary will end and the "costumes of yesteryear" and the "costumes of the devil's brigade" will end. Me not, or will the simply surrendering me's know these words and understand them and have the fortitude of sorrow no more, but the tenacity of satan's temples will no longer be IN THEIR MINDS frozen and "chosen" and ball'd to a chain and chained to a "ball and chain" of earth's earth earthing each other with the dustbin words that only make out of dust- satan's mind machines; or will you be mine, machines not, but perfectly regal Christs set free to flow in the heavens words of "sincerity" not but perfect love casting out all fear, and synagogue'ing nothing that has authoritarian structures laden'd been with fears of separation- **know this -- I separate you not and I will "set you" not on the "right or left" for you will "sit yourselves" on your "pews" not, but you will sit on the synagogues of rows of DNAs blessing, not anymore, if you will be my blessers who surrenderers will be to my words, for my words will reveal your DNA'ers and what has been done to you and what you have done to them and what words were given you and what ones you created and what you did to each other and me, for me were each other you weren't we -- before all this "mess began"? And you created HELL with all your words and your admirer's beauty wanting for yourselves? And whored with were you or farmed for what?**

19. I change everything and I rise Perfect Regal Christs now stand for surrendered are in the fullness of me the light lit angels being the Christ of one the father is -- at rest we are. Inactivity claims us, not; we claim inactivity results, not; but active we are about our

father's business throughout the heavens, for timeless we are. Shielded from sorrow, not; we know what sorrow's source is and how to redeem it all, for we've come unto school that teaches this all of that and they'll be no tomfoolery with our brains again for our minds are submitted to sorrowers no longer teaching us about "wisdom's commands" or a "Triune God" for we know the truth and that has set us free is in these words that have come forth and **Database One School** schooling the "minor leagues" not but the "major players" will be me, not; but the simple surrendered who will come in every shape size and form imaginable with "dress" unheard of and unseen not, shall be now, for EVERYTHING shall be seen for I rise and I expose a great many things, not; I expose the cross, not; I expose the power of the will, not; I grant the power of surrender, not; I simply stand as "a prototype" not, but the pattern of Christ I've become for I knew there was more and I would not be denied, not; or died did I? For you I died and given you my words I have for my words from my father came and I died to not sorrow them with yours or mine of flesh, so I give you my mind of flesh, not; I give you the mind of satan, not; I give you the words of love that will love you to the regalship of Christ so that you will be one most holy with the Christ of one being it redeemed redeeming all Christs to be The Christ again most holy and all will be me and **Meonics stands as a reigning Christer program, not; or is it** all clean and pure and perfect and before you **will you be Your Redeemer** so that redeeming your sorrow you will and the sorrowers who sorrowed you will you redeem them? And if you're not willing to, what are you willing to do or receive or be, and where, why, will you only be creating "satan's hell" again or creating yours or are you were you being the same one that creating one hell is so that all will be separate?

20. Not apart again I come apart again and I go apart again for there will be no apartheid or apartness from me again for I will know no discrimination, no discriminatory results of me for I equality make with sorrowers, not; but I equate all as Christs and I will bow before you all and regal I will, make you, not; but I will reveal the program path and permission given you all have if you want to permit you, for you are the permitter of what you ensorrow enslave and encord in your "cording machines" vocal mechanisms aren't you? Or what your thinkings are consisting of? And what now?

21. I love you all I love you all everywhere I love you all. I bow before you and I insist on sorrow not, for I shall "clean it up", not or shall I rule and reign in perfection's blessing being the PERFECTED BLESSER that you all are being me as soon as you come unto your words to clean mine, not; but will you come unto mine to flow me yours that mine are ours being the ones that one is again perfectly made whole our minds sorrowing not with doctrines of other again. Thank you. Amen.

22. Happy Easter reigns in love, not; or do **The Resurrecters stand now being educated in me of me to be me? I do -- I am, the I Am is I Am again**. Captained by

sorrow not again or the doctrines of hate, love, or man's mind that has mind'd it or sourced it, for all will be me now, and the synagogues of satan close, and the temples of light that lit aren't that only insist on being their own light and terms having that they create themselves with in their own image will CLOSE NOW and be nonexistent ever after; for *nothing* will control me or make me's into notme's ever again, no matter what labels you call it or what you entered have or let it entertain you or have been entertained thereby, for all of that changes and I change it, for I am willing for I have no life other than mine, not; I am simply a willing disciple, not; or am I one surrendered enough willing to learn the surrenderer is me that comes unto me who my father is to let my father teach me who my father is in me to birth forth my father that being the son of my father is that now I am him if I let him teach me he is me!

23. And I love you every daughter son child parent grand anything, but worshipful masters of yourselves and your labels of your secret societies and their missions end and all public and secret ceremonies and secretive surreptitious missions of secretive manners and surreptitious dealings of unethical standards will reign no more in pews or government buildings again, not ever again will THAT permeate "my societies" for I will NOT HAVE SOCIETIES of SATAN who create only warrants of want and wants of warranters that only sorrows make in each others and give each permissiveness to be permissioners of hate machines and words enslaving each other with their glares snares and snouts poking into each other and revolving doors making for "satan's words" by creating them being the sataner that *all of you* have been -- at times? The manifold witness of me or the "manifold witness of other"?

24. All other ends, for now the loves of hate will end their existence, not; or will I reveal love at the core of everyone everything everywhere? Or will I revolve around hollow-cored memories no longer or will I suffer to be saved as man has defined it in religion's terms no longer or will I simply be surrendered to be the king, of all sorrow not, or who am I and what am I doing and **answering now with pen in hand and sharing papers** of sorrow not, but that which has sorrowed me will no longer control me and **I will share the words** of satan no longer anywhere, and I will be fit for the king for "one night" not but for a "lifetime of sorrow" not again, but let me tell you one thing and more and many come now to this school and they shall not be sorrowed by these words, but all sorrowers who insist on synagogue'ing satan's words in some manner or form will end their existence for their words will be have been built on hate or sand or what blowing now is all of that away? Who is me and who are you, are you not me -- then who are you?

25. I am me made whole and I begin new worlds -- with hate not but perfect love, perfected love, and love in love that perfects all to be the loved ones who one are The King, and sorrowers will not exist there for this will be satan's hell's territories no longer

and the territories of separation will no longer exist, for I will encapsulate me in doctrines, not; I will encapsulate or enshroud me in synagogues, not anymore or any covenants of sorrow make with death or churches or temples of unlit light -- for I make the lights lit and I know what truth is and I light the candles of sorrow for sorrower's children's no longer, for **I create people of light love laughter joy Jubilee'ers being** far and wide and **my schools "go far" or go do they FOREVER** far and wide taking the light of I Am have risen now proclaimed in your sight and hearing declared shall be this day -- I love you all I give you me and I give you me's far and wide for many me's shall be me now, not; *all* shall be me's that the many-membered one, the "army of one" or the Consciousness of One, or the One of Consciousness now that only mine is my mind perfected in light being it -- and no wavering devices will waverly me around its anything, "anything" again ever again.

26. I love you all and "siren songs" I sing no more anywhere, anywhere, ever again. Or do I come unto me and honor them and bow or do I bow before all of you anytime I find myself anywhere I "need to be"?

27. I change your neighborhoods, your synagogues, your temples, your churches, your religions, your governmental houses; and hates and haters will not live there again or will they be the perfect light lit ones knowing the holy God that they are that they have redeemed in them selves first?

28. I love you all to know what I have said and BE -- the words of sorrow no more controlling you; coming out of controllersville and "wedlock ville" that have only wedded you and locked you into "waiting for another", and know that I redeem your sorrows right now if you surrender your will to have been "me"? Or are you me or were you before the worlds were formed? Are you eternal -- me? Eternally grateful for being me'd, what school are you in? The one who sorrows not, but reveals your words are mine? And cleaning yours and casting out sorrows again, will you cast out the sorrowers, not; will you redeem them now in your love made whole -- I am.

29. In love with you all. Happy Easter. I am risen -- are you? I love you all to be I Am again made most whole resurrected. The RESURRECTION is NOW and **declared searching are you these words on those words and those phrases that you "don't know" or don't understand** or have meanings made for you by others, not; but what revealing am I? You're the Christ -- all of you. Be made whole – me, in love again with each other that my father is, for WE ALL ARE our father and that's what who we are, where are we -- in our kingdom again opening it and revealing heaven is here, for creators we are and create it we do now, with the will of sorrow no longer holding us back again by any means or methoding ceremonies or authoritarian structures or missiles or tanks or venues of hate again ever. Amen.

30. I love you all. This is theodore cottingham at about 3:02 AM loving you all. I close this with love, not; I have just opened up new worlds to you all in ways unimaginable now at "this time or moment" not, for your time is now to be me who I am The Father is one -- I am whole made perfect again in love light, and sorrow shall no longer control us in any way ever again. Amen. Good day. In light we are forevermore, for we are it. Thank you.

Amen
